PUBBLICAZIONI SCIENTIFICHE DELLA FONDAZIONE GSTU (2015-2016)

Molte delle pubblicazioni sottoelencate, molte prodotte in collaborazione con giovani medici, quest'ultimi talora con il ruolo di primo autore, sono state possibili grazie all'apporto della Fondazione in termini di consulenza scientifica e statistica gratuitamente offerte

Pubblicazioni su riviste internazionali

1. Serretta V, Caruana G, Sommatino F, Scurria S, Carità G, Luigi Vaccarella, Federico Torretta, Giuseppe Cicero, Marcello Daricello, Vito Franco (2013). Does Exist A Correlation Between BMI and Gleason Patterns 4 and 5 at Prostate Biopsy?. **Journal of Cytology & Histology**, vol. 4, p. 1-3, ISSN: 2157-7099, doi: 10.4172/2157-7099.100018
2. Serretta V, Sommatino F, Gesolfo CS, Franco V, Cicero G, Allegro R. Intravesical chemotherapy for intermediate risk nonmuscle invasive bladder cancer recurring after a first cycle of intravesical adjuvant therapy. **Urology Annals** 2015;7:21-5.
3. Serretta V, Scalici Gesolfo C, Alonge V, Cicero G, Moschini M, Colombo R Does the Compliance to Intravesical BCG Differ between Common Clinical Practice and International Multicentric Trials? **Urologia Internationalis**. 2016;96(1):20-4. doi: 10.1159/000430501. Epub 2015 Jul 17.
4. Clinical implications of a rare renal entity: Pleomorphic Hyalinizing Angiectatic Tumor (PHAT). Scalici Gesolfo C, Serretta V, Maida FD, Giannone G, Barresi E, Franco V, Montironi R. **Pathol Res Pract**. 2016 Nov 17

Pubblicazioni su riviste nazionali

5. Vincenzo Serretta, Renzo Colombo Endovesical treatment as an alternative to BCG for intermediate or high-risk NMI bladder cancer. **Urologia** In press - Corrected proof - published online 22/03/2013 14:30:18 DOI:10.5301/RU.2013.10860
6. Serretta V, Gesolfo CS, Di Maida F, Caruana G, Rocchini L, Moschini M, Colombo R, Simonato A: The clinical value of PSA increase during intravesical adjuvant therapy for nonmuscle-invasive bladder cancer. **Urologia**. 2016 Aug 11:0. doi: 10.5301/uro.5000189

Presentazioni in congressi internazionali

7. Serretta V., Alonge V., Carità G., Scalici Gesolfo C., Caruso S., Fiorentino E., Russo A., Torretta F.: Fibronectin (FN), epidermal growth factor-receptor (EGF-R) and heparin-binding epidermal growth factor-like (HB-EGF) urinary expressions and topical toxicity of adjuvant intravesical therapy for non muscle invasive bladder cancer (NMI-BC). Poster 409. 28th EAU Congress, Stockholm, 2014. **Eur Urol Suppl** 2014;13:e409
8. Scalici Gesolfo, C.; D'Amato, F.; Fontana, D.; Sommatino, F.; Rocchini, L.; Moschini, M.; Colombo, R; Serretta V: A prospective study on the influence on recurrence of quitting cigarette smoking at diagnosis of primary non muscle invasive bladder cancer.. In Abstracts of the 110th Annual Meeting of the American Urological Association (AUA). In **The Journal of Urology** - ISSN:0022-5347 (193), pp.300-301; 2015
9. Serretta, V.; Scalici Gesolfo, C.; Alonge, V.; Di Maida, F.; Rocchini, L.; Moschini, M.; Gallina, A, Coombo R: Multi-istitutional controlled studies do no reflect the patient's compliance to bcg encountered in clinical practice. Results on 411 patients.. In Abstracts of the 110th Annual Meeting of the American Urological Association (AUA). In **The Journal of Urology** - ISSN:0022-5347 (193) pp.300-300;2015
10. Alonge, V.; Scalici Gesolfo, C.; Di Maida, F.; Cicero, G.; Cangemi, A.; Russo, A.; D'Arienzo, M.; Serretta V: Correlation between fibronectin gene expression and local toxicity induced by adjuvant intravesical therapy. pp. In Abstracts of the 110th Annual Meeting of the American Urological Association (AUA). In **The Journal of Urology** - ISSN:0022-5347 (193) 539-539;2015
11. Serretta V., Maida F., Gesolfo C., Tulone G., Cangemi A., Perez A., Russo A (2016). FEASIBILITY OF EGFR EVALUATION IN BLADDER WASHINGS OF PATIENTS AFFECTED BY NON MUSCLE-INVASIVE BLADDER CANCER.. In: Abstracts of the 111th Annual Meeting of the American Urological Association (AUA) 2016. THE JOURNAL OF UROLOGY, p. 327-328, ISSN: 0022-5347, San Diego (CA) USA, 6-10/5/2016
- 12.

Presentazioni in congressi nazionali

13. Serretta V., Alonge V., Scalici Gesolfo C., Tulone G., Cangemi A., Caruso S., Russo A., D'Arienzo M., Allegro R. (2015). THE ROLE OF INTRAVESICAL GLYCOSAMINOGLYCANS IN TOXICITY INDUCED BY ADJUVANT INTRAVESICAL THERAPY: GENETIC LABORATORY EVIDENCE. In: ABSTRACTS OF THE 25th ANNUAL MEETING OF THE ITALIAN SOCIETY OF URO-ONCOLOGY (SIUrO). ANTICANCER RESEARCH, p. 3619, ISSN: 0250-7005, ROMA, 21-23/6/2015
14. Serretta V., Scalici Gesolfo C., Di Maida F., Cangemi A., Caruso S., Russo A., Allegro R. (2015). UROTHELIAL EGF-R GENE EXPRESSION IN BLADDER WASHINGS: A FEASIBILITY STUDY. In: ABSTRACTS OF THE 25th ANNUAL MEETING OF THE ITALIAN SOCIETY OF URO-ONCOLOGY (SIUrO). ANTICANCER RESEARCH, p. 3674-3675, ISSN: 0250-7005, ROMA, 21-23/6/2015
15. Scurria S., Siracusano S., Giacalone N., Cangemi A., Caruso S., Allegro R., Russo A., Colombo R., Serretta V. (2015). VISCERAL FAT TISSUE ACTIVITY DOES NOT CORRELATE TO HIGH GRADE PROSTATE CANCER RISK AT BIOPSY. In: Abstracts of the 25th Annual Meeting of the Italian Society of Uro-Oncology (SIUrO),. ANTICANCER RESEARCH, p. 3627, ISSN: 0250-7005, ROMA, 21-23/6/2015
16. Siracusano S, Abrate A, Di Maida F, Giacalone N, Cangemi A, Moschini M, Colombo R, Simonato A, Serretta V (2016). ADIPONECTIN, LEPTIN AND MMP-3 PLASMATIC LEVELS CANNOT IDENTIFY HIGH-RISK PROSTATE CANCER IN PATIENTS UNDERGOING BIOPSY. In: Abstracts of the 26th Annual Meeting of the Italian Society of

Uro-Oncology (SIUrO),. ANTICANCER RESEARCH, p. 2598-2599, ISSN: 0250-7005, Firenze, 9-11 giugno 2

17. Guarneri A., Scalici Gesolfo C., Di Maida F., Caruana G., Billone S., Moschini M., Colombo R., Simonato A., Serretta V. (2016). LIMITS OF TRANSURETHRAL RESECTION IN DETECTING RARE HISTOLOGICAL VARIANTS WITHIN LARGE UROTHELIAL BLADDER TUMORS. In: Abstracts of the 26th Annual Meeting of the Italian Society of Uro-Oncology (SIUrO),. ANTICANCER RESEARCH, p. 2601-2602, ISSN: 0250-7005, Firenze, 9-11 giugno 2016
18. Serretta V., Scalici Gesolfo C., Scurria S., Giacalone N., Scaduto G., D'Amato F., Barresi E., Franco V. (2015). PLEOMORPHIC HYALINIZING ANGIOECTATIC TUMOR (PHAT) OF RENAL PARENCHYMA. FIRST CASE REPORTED IN LITERATURE. In: ABSTRACTS OF THE 25th ANNUAL MEETING OF THE ITALIAN SOCIETY OF URO-ONCOLOGY (SIUrO). ANTICANCER RESEARCH, p. 3638, ISSN: 0250-7005, ROMA, 21-23/6/2015
